

Winter

We started the New Year 2nd of January with a major cleaning day. We had a really good time taking all the Christmas trees and decorations down.

It was a time of fellowship, we stopped for teas and coffees, when we liked, and we had lunch together. One person, who shall be nameless had only been working ten minutes when he declared it was coffee time.

Some even had some time after to play table tennis. After we had finished, we looked around and felt a good feeling of achievement. So please try and make the next one. There will be a free lunch, many hands make light work and we might have time for a game afterwards.

I would just like to say a big thank you to those that did come at such short notice. And sorry to those that would have liked to of come but didn't know about it.
